Roseland School District 3D Strategic Planning Brainstorming Session - Meeting #1

In an atmosphere reflecting a spirit of cooperation and mutual respect, we celebrate the uniqueness and diversity of the members of our school community. Our goal is to cultivate a learning environment in which our children will develop productive mind habits and successful skills of learning which culminate in academic achievement and positive self-esteem. We invite and encourage the children to explore new horizons and support them in such endeavors. We provide the necessary guidance which encourages each child to develop critical thinking skills for personal goal setting, problem solving and decision making. To these ends, the Lester C. Noecker School community remains dedicated.
